Guide time: 10 minutes in total

4a - Listening

Assessor script:

“This is the listening task. You are going to hear a listening task. I will play the text and you will answer questions.”

“I’m now going to play the text. Please listen and answer the questions.” (Assessor plays audio)

Thank you for inviting me to talk about my day at the Beamish Museum near Durham. I have never before experienced a "real live museum" which sends you back in time.

When you’ve parked your car, you walk to the entrance where you will find the ticket office. Then you take the tram or walk to the various sites but they are spread out over a large area.

The first tram stop is The Manor House. Get off the tram, walk up the path and there it is. There, I found out about how rich, upper class people lived in the 1800s. Then I walked back to the railway and found a 19th century town with little shops and houses.

Next, when I walked to the south part of the site I found a real life working farm, a mining site, a row of working family homes and a Victorian school opposite the homes. You can go inside the school and experience what it was like being a child in those days.

There is so much to do and it's worth the trip on a sunny or cloudy day but NOT when it rains, as all is outdoors.

Candidate A: “Please answer Yes or No.” (Assessor asks gist question 1)

“Thank you.”

“You will now listen again to the text. I’m going to give you some questions before you listen.”
