

ESOL International Marker Recruitment

English Speaking Board (International) Ltd. (ESB) is recruiting for markers of our ESOL International qualifications at levels A1 to C2, due to business growth. These qualifications are for learners who are not native speakers and who wish to gain an internationally recognised qualification in ESOL.

Our ESOL International markers ensure the highest standard of assessment completing the marking of examination scripts in line with the qualification specification for ESOL International assessments.

We offer an attractive level of pay for suitable candidates.

Preferred markers should ideally meet the following criteria:

- Experience of marking ESOL International qualifications
- Experience of teaching EFL (English as a Foreign Language)
- Qualified in CELTA (Certificate in English Language Teaching to Adults), Cert TESOL, TEFL or equivalent

We also welcome expressions of interest from professionals who may only meet some of the above requirements and training will be provided.

All suitable markers will receive initial training and be required to attend and/or participate in on-going training, either online or face-to-face, as well as successfully completing a standardisation exercise each year.

Successful candidates need to be flexible and be within commuting distance from our offices in Ormskirk in Lancashire. Marking can be done during the working week or by choosing evening/weekend/school holiday options.

To apply, please visit our website <http://esbuk.org/home/about-esb/vacancies> to download the application form.
