## Task 1

Kamil wants to do a new course. He sees the following website.

Read the text and answer questions 1 -7.

**City of Barton College of Further Education (CBCFE)**

**NEW COURSES AVAILABLE NOW!**

**Health and social care**

Do you enjoy working with people and are you thinking of a career in care? This popular, one-year course will develop your knowledge of health and social care and give you the skills to work with people in care. Students will study a range of topics and will spend one day a week in an elderly care home or early years placement.

Here, you will get **hands-on experience** working with care professionals who will help you put your learning into practice.

**Kitchen and restaurant skills**

This is a two-year course where you will develop your knowledge of cooking and also food and drink service. Students will get experience of how to prepare and cook meat, poultry, fish and vegetables as well as sauces, soups and pastry dishes. **You** will learn customer service skills and gain knowledge of soft drinks, fruit cocktails, teas and coffees. The work placement programme is in Classic Catering Ltd in Barton.

**Engineering maintenance**

The engineering maintenance course gives you the skills and knowledge to work as a maintenance technician in areas of mechanical and electrical services. Our connections with employers in the local area mean we can, for your placement, match you with a local company C.B.S. Engineering Ltd. Students will spend around three to four years receiving training on and off the job. This will also give you the skills for supervision or management roles.

## Task 2

Ali wants to open a new restaurant. He reads the leaflet below.

Read the text and answer questions 8 - 14.

### FIRST AID

*You must have first aid plans in your workplace.*

You are responsible for making sure that your employees get help if they are taken ill or are injured at work. First aid can save lives and prevent small injuries from becoming serious.

Your first aid plans will depend on your workplace and to start, you must think about what your first aid needs are.

The next thing you must do is get a first aid box. Then you must put a person in charge of first aid. You might decide that you need a first-aider. This is someone who has had first aid training and has a qualification in first aid at work. Once you have completed these 3 tasks, you must give the first aid information to all your employees.

### **Accidents and ill health**

You must keep all your first aid records so you can see where and when all the accidents happened. This will help you to think about where you can improve safety for your workers.

- You must **protect** all your employees' personal details by keeping them safe in a locked cupboard. This is the law.
- If you have more than 10 employees, you must keep an accident book.

Circle the letter of the correct answer.
